## Description

### Job location(s): Bonaire CN

The Bonaire plant has been producing solar salt since the 1650's. We are now looking for someone who can lead the maintenance and reliability efforts at the plant floor level. You will be responsible for the general operation of the maintenance department. You will need to supervise and develop direct reports, lead safety and process efficiency initiatives, and manage capital and expense projects.

## Major Tasks

- Supervise, train and coach departmental employees
- Participate and instruct mechanics in the repair and reconditioning of automobiles, trucks, tractors, graders, loaders and other standard and specialized machinery and equipment
- Introduce, implement, improve and monitor reliability strategies including preventative and predictive maintenance programs for continuous progress
- Work closely with the planner, EHS and other departments to build and sustain effective working relationships
- Manage and promote safety, food safety and quality processes
- Ensure compliance with all company and country regulations
- Capital improvements and budget compliance
- Perform miscellaneous job-related duties as assigned, such as payroll-Kronos, inventory control and maintenance scheduling

## Qualifications

- Bachelor's Degree preferably in Mechanical/Electrical Engineering, Industrial Processes
- Experience in direct supervision in plant setting
- 3+ years maintenance experience in manufacturing or food processing environment
- Fluent in English and Dutch language
- Familiar with PdM techniques of thermography, vibration, ultrasound and mechanical integrity testing, oil analysis
- Working knowledge of Microsoft Office, Maximo and Kronos
- Mechanical aptitude
- Strong problem-solving and decision making skills
- Team player
- Strong written and verbal communication skills

## Our Offer

In return for your expertise and commitment, we will provide a fast paced stimulating international environment, which will stretch your abilities and channel your talents. We also offer competitive salary and benefits combined with outstanding career development opportunities in one of the largest and most solid private companies in the world.
